

Pink House Santa Cruz

Santa Cruz is a charming fishing village located on the Portuguese coast, about 50 minutes from Lisbon and its airport, with extensive beaches suitable for surfing for all ages, as well as other water sports. Its proximity to Lisbon makes Santa Cruz a perfect destination for weekend trips and summer holidays, where Lisboetas seek the lightness of the coast, enjoy fresh local delicacies such as fish and seafood, and marvel at the Atlantic Ocean, its beaches, and cliffs, without the crowds typical of southern beaches. The climate is mild even at the peak of summer, with a fresh breeze from the sea inviting deep breaths and the mingling scents of land and sea.

In the region, there are surf schools offering private or group lessons and equipment rental. Santa Cruz has become a perfect fusion of old and new, where traditional summer houses blend with modern architecture that looks straight out of a futuristic movie.

Waking up at Pink House Santa Cruz allows you to travel to a parallel fantasy world, where modernity mixes with rustic charm, comfort merges with coziness, and where you reconnect with yourself and your family.

Our house has been recently renovated to provide a comfortable stay. The interior flows into the wooden deck and garden; the BBQ and outdoor dining table invite you to enjoy local delicacies freshly prepared. The heated saltwater pool allows night swims throughout the year, and the Egyptian cotton towels provided will help dry your body after a refreshing dip.

The three private suites comfortably accommodate six adults. One suite has the possibility to host two children in the mezzanine, and two of the suites can be arranged with either twin or double beds. A crib, bed linens, and children's towels are available upon request.

The high-quality 300-thread-count cotton sheets ensure softness and well-being for a restful sleep. Premium amenities will leave your skin soft and fragrant.

The fully equipped kitchen, with ceramic hob, oven, microwave, dishwasher, washing machine, toaster, electric kettle, coffee machine, etc., allows you to turn local products into healthy meals for the whole family. The indoor dining table seats eight comfortably and its round design encourages family and friends' interaction. We also provide a high chair for babies and/or children.

We offer super-fast fiber optic Wi-Fi, a Marshall Bluetooth speaker, cable TV, and a Samsung smart TV to stay connected with the world. In summer, with the sea breeze nearby, and in winter, with underfloor heating, the house is always at the ideal temperature for maximum comfort.

Santa Cruz offers a unique experience where enjoying warm days and cool nights becomes a pleasure. You can surf, hike, or ride a bike. The various beaches, their facilities, and typical restaurants complete your days.

Thanks to the proximity of the Peniche fishing port, fresh fish and seafood arrive daily at the Santa Cruz municipal market, along with fruits and vegetables from local producers. Our villa is located in a quiet residential area, five minutes by car north of Santa Cruz, which includes other similar villas and a charming hotel with a restaurant serving breakfast, lunch, and dinner with healthy organic products, as well as a spa that can be used according to current rates, separate from our villa.

Santa Cruz has very wide sandy beaches, each with different names depending on the concessionaire, including the well-known Navio, Mirante, Pisão, Física, Centro, Santa Helena, Formosa, and Azul beaches. The purity of the waters and sands, along with the picturesque rocks, make Santa Cruz a highly sought-after seaside resort, recognized for several years with the Blue Flag award.

At the southern end, the cliffs of Ponta da Vigia begin a series of rocks, notably Penedo do Guincho, which rises 30 meters high with a circumference of 100 meters. At its base is a vaulted area crossed by the sea. Overlooking these rocks are curious terraces, from which, on clear days, you can admire a vast panorama including the Cabo Carvoeiro lighthouse and the Berlengas Islands.

Equipped with supporting infrastructure, including a pool and an Olympic shooting range, the summer animation is complemented by sightseeing flights from the local aerodrome and a series of gastronomic and cultural events. For those arriving via Lisbon Airport, renting a car is recommended for independence and mobility during the stay.

Let yourself be enchanted and surprised. We guarantee you will want to return.

We look forward to welcoming you soon to our villa.
